Prestige 9 Restroom Trailer

Power

- (2) single 20-amp (non gfi) total, 110-v for regular use.
- (3) single 20-amp total for hot water use
- (4) single 20-amp total for winter use

Water

Access to a water source with 30-50 psi within 100' of the trailer location. A standard $\frac{3}{4}$ " garden hose fitting is required.

If necessary and with advance notice, a pump and holding tank can be provided at an additional cost.

Winterizing water supply leading up to trailer is renter responsibility

***Please Note: These requirements are "per trailer". All restrooms facilities used MUST be placed on level ground.**
